

### COMING FROM ROGERSVILLE/11W

This means you likely came down I-75 and turned onto Highway 25.

For this portion of your trip, it is a good idea to use your GPS so that you will be able to mark where to turn onto Highway 66 when you get to Rogersville. Do NOT type in Rogersville as that will take you to the downtown area. We suggest you type in the following: **Walmart - 4331 Highway 66 S, Rogersville, TN 37857.**

The "exit" off 11W will be to the right. (It is basically a side street.) There is a sign that says "Rogersville" on the right. This happens just after you see a hotel on the hill on your right and a small strip store area on the left with a restaurant named "Romas".

(It is very important that you take the road/exit at this location. If you go under the overpass, you will need to turn around and find your way to Highway 66. If this happens, take a LEFT onto 66. VERY IMPORTANT!)

---

From the exit road, you will be passing the backside of Walmart on the right. On the left are houses.

As you approach the overpass, take the ramp on the right onto Highway 66. Once here, you will come to a traffic light where you will see Walmart on your right as well as a Walgreens.

Using your odometer, travel a bit over 6 miles. You will see a ball field on your right. The next road on the left is OLD HIGHWAY 66. IF your trailer is under 10' high, turn left here and continue approximately 6/10 mile. Take the first right which is Beech Grove Rd. Go approximately 6/10 and Mendin' Fences will be on your left.

Once You Arrive -- Watch for sign on the right that says ARENA. This will take you up a hill to a parking area with horse stalls.

---

#### **If your trailer is higher than 10':**

Continue to Speedwell Rd. which is the NEXT road after Old Highway 66. You will see a sign that says "Speedwell Baptist Church".

Turn left and go across the railroad tracks. At this point, you are going to make an arc back around to the left to come to our Farm. So, continue on Speedwell (PASSING an old portion of Beech Grove Rd. Do NOT turn there!!)

Continue to the "V" where you will curve LEFT, taking you around that big blue barn that should be on your the left. Continue to the "T" and keep going LEFT. This is Beech Grove Rd. Go about ½ mile and turn right into Mendin' Fences.

Any problems, please call/text me at 423.327.0008.
